

OPERATING EXPENDITURES PER CAPITA

Changes in expenditures (1982-1984 base year dollars) per capita reflect changes in expenditures relative to changes in population. Expenditures include general fund, special revenue and debt service funds (excludes proprietary and capital project funds). Expenditure changes may involve new services, programs or expansion in general governmental operations. Operating impacts of new facilities including a Justice Center, an expanded renovated Huber facility, Mental Health Center, Work Force Development Center and Administrative Center contribute to increases in 1993, 1994, and 1995. Additional increases since 1994 reflect State expansion of Medicaid Waiver programs. The General Relief Program was significantly reduced in 1996. Additional capacity was added at the Huber facility in 1996 and at the main jail in 1997 with the opening of the 4th pod. Wisconsin Works (W-2) was implemented in 1998 resulting in reduced expenditures offset with continued growth in State Medicaid Waiver programs and the implementation of a new Federal CDBG HOME program. Growth in 1999 and 2000 continues in State funded long term care programs, CDBG HOME program, and new initiatives to purchase lands identified in the County's Park and Open Space Plan and to increase transit services. Increases in 2001 and 2002 include \$1.9 million and \$1.35 million respectively to increase the level of the County's health insurance reserves recommended by actuarial analysis.
